My error if not state correctly. The address is:

IBM Corporation

3605 Highway 52 North, Buildings 004 and 005

Rochester, MN 55901

I am the most interested in information USEPA may have added to it records recently, perhaps in the last year, and specifically if it relates to The facility's Buildings Nos. 004 and 005. I have done a prior records request in 2013 and found USEPA had the following:

- Permit files for the years 1998, 2001 and 2002. A review indicted this information would not be needed as it was a duplicate of other information I already had, and copies were not requested.
- **EPA ID No. is MND006161756** : A separate reply was later provided by the USEPA's Land and Chemicals Division, which indicated it had copies of a RCRA Permit and RFI documents. However, a review of a listing provided indicted this information would not be needed as it was a duplicate of other I already had, and copies were not requested.
- USEPA's Superfund Division responded indicating it had no records responsive to the request regarding the Site,

I will also be reviewing the information on your web site link provided for "MyPropertyInfo" for

IBM ROCHESTER

3605 HIGHWAY 52 NORTH

ROCHESTER, MN 55901-7802

[EPA Registry Id:](#) 110000426414

Your help is appreciated.

Thanks,

Please clarify the property address you are seeking records under the Freedom of Information Act (FOIA). What is the specific address? If you know or believe EPA has records on such property give as much information as you can about the records.

We cannot process this request without additional information. Reply to R5foia@epa.gov

EPA has a great deal of information available to the public , you may want to review the following website that may help you or assist you in clarifying your request.
